## More Than Just Coverage On Your Shingles!

# GET AUTOMATIC LIFETIME PROTECTION ON YOUR ENTIRE GAF ROOFING SYSTEM!†

A new roof is more than just shingles. When you install any GAF Lifetime Shingle and at least 3 qualifying accessories, you'll automatically get a Lifetime Ltd. warranty on your shingles and all qualifying GAF accessories.† Why settle for anything less?

### GAF Lifetime Shingles

GAF offers you many great Lifetime Shingle choices, including **Timberline®** Shingles with Advanced Protection® Shingle Technology. They're the #1-selling shingles in North America!

Advanced Protection® Shingle Technology results in superior protection for your home while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection® Shingles are your best choice, visit [gaf.com/aps](http://gaf.com/aps).

### GAF Cobra® Attic Ventilation

Helps remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

### GAF Roof Deck Protection

Allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. Also, lies flatter for a better-looking roof.

### GAF Leak Barrier

Provides exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North\*).

### GAF Starter Strip Shingles

Saves time, eliminates waste, and reduces the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see *GAF Shingle & Accessory Ltd. Warranty†* for details).

### GAF Ridge Cap Shingles

Enhances the beauty of your home while guarding against leaks at the hips and ridges.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy. Applicable in U.S. only.)

\*In the North, building codes require the use of Leak Barrier at the eaves.

†See *GAF Shingle & Accessory Ltd. Warranty* for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

# Choosing The Right **Lifetime** Shingle

*If you're looking for a new roof, rest assured you've come to the right place. Not only do most GAF shingles offer a Lifetime ltd. warranty\* for peace of mind, but GAF's vast shingle offering means you're virtually certain to find the right combination of style, color, and price to suit your taste.*

**TIMBERLINE**  
LIFETIME HIGH DEFINITION® SHINGLES

"North America's  
#1-Selling Shingles!"

SHINGLE & ACCESSORY LTD. WARRANTY  
**Lifetime**  
LTD. WARRANTY TERM

"There's nothing quite like a genuine **Timberline High Definition**® roof!"

Your roof can represent up to **40%** of your home's "curb appeal." Now, you can improve its resale value with Timberline® High Definition® Shingles from GAF.

Timberline® Shingles with Advanced Protection® Shingle Technology are the **#1-selling shingles** in all of North America. Professional installers have long preferred the rugged, dependable performance that only a Timberline® roof can offer.

But great performance is only half the story. Timberline® High Definition® Shingles not only protect your most valuable asset but also beautify your home for years to come. In fact, an independent research firm surveyed U.S. homeowners about the brand of architectural shingles they preferred. The result: **more homeowners preferred the look of Timberline® High Definition® Shingles to the other leading brands!\***

Why settle for anything less?

What's the **secret** to the striking look of a Timberline® High Definition® roof?

Timberline® High Definition® Shingles are unlike any others, thanks to our proprietary shadow bands. Each shadow band is applied using a sophisticated, computer-controlled "feathering" technique. When combined with our randomly blended top layer, it results in a shingle with exceptional depth and dimension—**and a striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® Shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

**See** the difference...

**It's sooo cool!†**

*Thanks to the reflective nature of Timberline® Cool Series Shingles, part of the heat radiating from the sun gets reflected, reducing the heat in the attic and heat going into the house. It may translate into substantial savings in air-conditioning bills.*

**GAF IR Shingles meet the highest impact-resistance rating...**

The UL 2218 Impact Test was developed in conjunction with insurance industry leaders. It's based on dropping a 2" (51 mm) steel ball from 20' (6 m) onto the top of a shingle to see whether the shingle cracks (see illustration below). GAF IR Shingles pass Class 4—the highest rating possible. Check with your insurance agent about potential savings on your homeowners insurance.†

What you should also know about the UL 2218 impact test:

- **Forceful Impact...** The test simulates hailstorms impacting a roof at a speed of over 70 mph (110 km/h)!
- **Potential Leaks...** Shingles that fail the impact test are more likely to allow water to leak into your home.
- **No Warranty Improvement...** GAF's warranty does not cover hail damage even for shingles that pass this test.

# Ridge Cap Shingles

### Important Warning:

GAF Ridge Cap Shingles are designed to **complement** the color of your GAF laminated shingles. But some contractors cut costs by using the tabs from a 20-year or 25-year 3-tab shingle as your ridge cap. ## Choosing The Best-Looking Shingle For Your Home

Some people think all 3-tab shingles look pretty much alike. Not so! At GAF, we've gone to great pains to make Royal Sovereign<sup>®</sup> the most beautiful strip shingle you can install.

But don't just take our word for it. GAF asked an independent research firm to survey homeowners about whose 3-tab shingles they preferred. The result: More homeowners preferred the look of Royal Sovereign<sup>®</sup> Shingles to the other leading brands! \* And the #1 reason cited by homeowners? Royal Sovereign's color blends. \*

Here's just a sampling of what these real homeowners said about Royal Sovereign<sup>®</sup> Shingles:

*"It has more vivid color, it is a more vibrant color... not faded."*

*"...looks clean, looks classier."*

*"Looks more natural [than the others] because of the colors."*

*"...stands out better than the other ones, I like the color, it is brighter."*

*"It looks rich and very durable."*
